Specific Policy to promote hereafter

In order to execute and maintain a system for the promotion of a multicultural society in the future, the policy will be divided into five categories: 1. Communication Support.2. Lifestyle Support. 3. Creation of a Multicultural Society. 4. Improvements for promoting a multicultural Society. 5. International Cooperation.

- Continuance of project being conducted now, such as [Multilingual edition of City office counter work guide.] Publicizing this project
- Interpretation support in wide-area, and creating its mechanism.
- Enhancement of interpretation and translation support projects
- Enhancement of Japanese reading and writing class. Staff training and learner's child's care

Enlighten the foreign residents on disaster, and conduct their disaster

drill

Disaster

Self-support of foreign residents, and their social participation

Raise awareness

for community

- Residents' association. (Lecture presentation, holding a workshop)
- Cooperate with local companies, NPO and residents' association, and provide foreign residents with chance to communicate and social participation.
- Examination of establishment such as "Multicultural society citizens conference"
- Based on the idea that foreign residents play an important role in the development of the city on a regional scale, we believe that this should correspond to ordinances such as public referendum ordinance.
- Making sure that foreign residents are not excluded from membership in local councils and committees.
- Setting up the chance to communicate through recreational activities etc.

4 Improvements for promoting
Multicultural Society

3

Creation

of a

Setting up a department for multicultural society, and cooperation in the city government

Division of roles, cooperation and coproduction for each subject in community

- Greater training for local officials, and enhancement of its content.
- Grasp of needs and the evaluation investigation of projects will be conducted for all residents at intervals of about five years.
- Establishment such as "multicultural society promotion liaison conference", consisting of all division concerned.
- Making a plan for the implementation of a multicultural society promotion policy.
- Exchange information with other cities and create a mechanism of communication to foster wide-range communication.
- Strengthening of cooperation with (NPO) Tondabayashi International communication center
- Through the efforts of all the citizens in the city, we can develop a wide network of cooperation with companies, community associations, social educational groups, social welfare organizations, regional welfare groups, NPO etc.

International cooperation

Develop citizens' international sensibilities and improvement of multicultural understanding

 Fostering mutual and equal communication in the community that leads to the development of a multicultural society that is fully supported by all citizens.
